**VETERANS' PREFERENCE IN HIRING
REQUIRED FORMS
AND OTHER INFORMATION**

VETERANS' PREFERENCE

If you served on active duty in the United States Military and were separated under honorable conditions, you may be eligible for veterans' preference.

To receive preference if your service began after October 15, 1976, you must have a Campaign Badge, Expeditionary Medal or a service-connected disability.

To claim 5-point veterans' preference, you must attach a copy of your DD-214, Certificate of Release or Discharge from Active Duty, or other proof of eligibility.

To claim 10-point veterans' preference you must attach an SF-15, Application for 10-point Veterans' Preference, plus the proof required by that form.

The Defense Authorization Act of November 18, 1997, extended veterans preference to persons who served on active duty during the Gulf War from August 2, 1990 through January 2, 1992. The law grants preference to persons otherwise eligible and who served on active duty during this period regardless of where the person served or for how long. The law also authorized the Secretary of each military department to award the Armed Forces Expeditionary Medal for service in Bosnia during the period November 20, 1995, to a date to be determined. The award of the Medal is qualifying for veterans' preference.

Veterans who are preference eligible or who have been separated from the armed forces under honorable conditions after three years or more of continuous active service may apply.

Veterans' preference is not a factor for Senior Executive Service jobs or when competition is limited to status candidates (current or former federal career or career-conditional employees).

More information on veterans' preference is available in the Vet Guide that may be found on the United States Office of Personnel Management web site at www.opm.gov.
